## we make our own hazelnut and almond milk!

An intense process, but so worth it!  
Yup, we're the only coffee bar crazy enough to make their own milk. That doesn't only give the most delicious flavour, but it's also how we commit ourselves to a plant-based and animal cruelty-free world!

### NUT-ALLERGY? WE ALSO HAVE OAT MILK OR PEA MILK

Psssst; we make delicious granolas with the pulp that is left over after making milk.
